

# Sunblade Banner - Instructions

## Step 1

Assemble the first 2 tapered fibreglass rods, starting with the thinnest rod and then adding the next size, making sure they fit snugly together.

## Step 2

Insert these 2 rods into the sleeve on the side of the banner.

## Step 3

Continue to add the next 2 metal rods until the top rod has been pushed all the way to the end of the sleeve.

Tip: It is important to ensure the rods are positioned right to the end of the sleeve.

## Step 4

Secure the metal spring clip on the bottom of the banner to the moveable anchor point on the bottom rod.

Tip: If the banner is too loose or too tight, adjust the anchor point up or down accordingly.

## Sunblade Banner Bases

### Spike Base

Your banner stand is securely fixed in ground. Perfect for displaying your banner in the grass and dirt.

**X Base**

**X Base with water bag**

### X Base

The standard x base for use when displaying on flat ground. An optional water bag is available to provide extra weight and stability.
